Department of Political Science

Political Science (Honours Course) 2019-20

[CBCS]

Programme Specific Outcomes (PSO) of Political Science (Honours Course)

The three-year Undergraduate course in Political Science Honours enables students to enhance their grasp of the basic structures and process of governmental systems and public policies that directly impact their lives and also helps them analyze political problems, arguments, information and theories and apply methods appropriate for accumulating and interpreting data applicable to this discipline. Above all, it aids students in becoming informed citizens by amplifying knowledge on their entitlement to the rights and duties within a state. The course helps in critical thinking enabling students to demonstrate proficiency in thinking systematically about political interactions in national, global and international contexts and form and express coherent arguments. After successfully completing the three-year degree course, the following programmes specific outcomes (PSOs) are expected of the students:

PSO1 – Students will gain analytical abilities, skill of debate and presentation of their own thoughts and arguments.

PSO2 – Students will be able to identify the nature of the government process, the functions of political systems, political economy of various countries, international relations and the challenges of globalization.

PSO3 - Students will be able to think critically, write with clarity and make sound judgments through analytical reasoning.

PSO4 – Students will get familiarized with the political ethos of the country.

PSO5 – Students will be able to learn about the Indian constitution and its significance in the administration of the country.

PSO6 – Students will be more interested and engaged in the study of the national and global political system and its linkage with economic and social life.

PSO7 – Students will be familiarized with different approaches to the study of politics.

PSO8- Students will also be oriented towards contemporary political problems and behavior thus enabling them to formulate a general idea on political phenomena.

Sanskrit (Honours Course) 2019-20

[CBCS]

Programme Specific Outcomes (PSO) of Sanskrit

The three year Undergraduate course in Sanskrit Honours enables students to enhance their grasp of the basic structures and process of governmental systems and public policies that directly impact their lives and also helps them analyze political problems, arguments, information and theories and apply methods appropriate for accumulating and interpreting data applicable to this discipline. Above all, it aids students in becoming informed citizens by amplifying knowledge on their entitlement to the rights and duties within a state. The course helps in critical thinking enabling students to demonstrate proficiency in thinking systematically about political interactions in national, global and international contexts and form and express coherent arguments. After successfully completing the three year degree course, the following programmes specific outcomes (PSOs) are expected of the students:

Reading: Students will become accomplished active readers who appreciate ambiguity and complexity, and who can articulate their own interpretations with an awareness and curiosity for other perspectives.

Writing skill: Students will be able to write Devanagari Scripts.

Culture and History: Students will gain a knowledge of the major traditions of literature written in Sanskrit.

Indian Knowledge System: Students will acquire Indian knowledge system as well as understanding India and her people through philosophical and historical writings of ancient and mediaeval period.

Research Skills: Students will be able to identify topics and formulate questions for productive inquiry.

Oral Communications: Students will demonstrate the skills needed to participate in conversation that builds knowledge collaboratively.

Sanskrit as a Career Option: Sanskrit is recognized as “mother of all languages” throughout the greater portion of the world. Even if you aiming for a bright career only, Sanskrit can provide it, till today. Harvard of Cambridge oxford to Trinity college Dublin – can end up with a faculty post in some highly ranked universities.
